You are invited to attend the UC Center Sacramento Third Annual Governance Fellow Dinner and Scholarship Fundraiser:

Thursday, January 28, 2021
5:00 – 6:30pm
Virtually on Zoom!

UC Center Sacramento (UCCS) is an education and policy program of the University of California. The Center hosts approximately 150 UC undergraduate students each year who come to Sacramento to undertake academic coursework and participate in internships in and around the Capitol.

In addition to coursework and internships, students participate in a number of other activities designed to enrich their Sacramento experience. Foremost among these is interaction with the Center’s Governance Fellow, generally a former state official with extensive experience in California government. The Governance Fellow meets with students every quarter, sharing political insights and career advice.

Student enrollment at UCCS has grown steadily over the past ten years, but internal surveys of UC students suggest that some are still dissuaded from participating in the program due to costs. While tuition and living expenses are a covered expense for students receiving financial aid, many prospective students find that the additional costs of housing, transportation, business clothing, networking meetings, and research project-related expenses in Sacramento are prohibitive. During the pandemic, students are not participating in the program in person, but many have nonetheless experienced financial hardship related to the financial impacts of COVID and require assistance to make the program affordable.

In response to the needs of our students, the Center established a UCCS Student Scholarship Fund. Our goal is to raise funds to reach endowment level (currently at $50,000) so that the fund and support of our students are sustainable in perpetuity. Until that milestone is reached, a portion of the gifts will be disbursed annually to support current students.

At our upcoming UCCS Governance Fellow event, we plan to both honor our UCCS Governance Fellow and to continue to fundraise for the UCCS Scholarship Fund.

This year we will be hosting the dinner in honor of our 2020 UCCS Governance Fellow, the Honorable Fran Pavley. Former State Senator Pavley served 29 years in elected office. Born
and raised in Los Angeles, Pavley was elected the first mayor of Agoura Hills in 1982, and served 14 years in the California Assembly and the State Senate. Senator Pavley authored landmark climate policies (AB 1493, AB 32, SB 32, and others) that have created a market for innovation and investment in clean energy and vehicles, which have helped clean up our air, grow the economy, and reduce greenhouse gas emissions. As chair of the Senate’s Natural Resources and Water Committee, she was able to pass California’s Sustainable Groundwater Management Act (SGMA), promote policies to protect our ocean and watersheds, and adopt measures to create more sustainable local water supplies. During her last year in the legislature, Senator Pavley also authored SB 1425, the Water-Energy Nexus bill. She is currently working as the Environmental Policy Director for the USC Schwarzenegger Institute, and serves on several state and local advisory boards and committees.
